## Report from the Leisure Riders

Hello all, I am Lisa McKeen, the chair of the Leisure Riders committee. I hope you will consider joining the committee or submitting photos and information we can use on our website.

I have owned Icelandics since 2001. I bought my first mare, Tinna fra Hvammi II, from Alfasaga. What a journey she took me on. I have learned about the breed, sold all of my “big” horses, and met so very many wonderful people because of Tinna. Tinna took me back into the world of showing, endurance riding, and so much more. She brought me to my back to my roots and left me surrounded with supportive friends before she left me in 2012 to cross the Rainbow Bridge. She left me with a deep love and appreciation of the Icelandic Horse and a commitment to the community of Icelandic owners. I now live in Bellingham, Washington with my husband and 3 Icelandics. I am co-president of the Hestafolk Icelandic Horse Club and am retiring this summer from my career in public education. I’m excited to have a role with the USIHC by chairing this committee.

The Leisure Riders are off and gathering momentum! We now have 10 members and are looking into how to go about publicizing the amazing things our members are doing with their horses. Some of the activities we are looking for pictures of are driving, extreme trail competition, ground work, jumping, team penning, trail riding, and more. We are working on a budget and have ideas for how to celebrate the Icelandic horse like drawings, friendly competition between regional clubs, and individual high point awards. In the next month, we have plans to come up with a budget request for the board and enhancing ways to communicate with members and publicize our activities. More to come!

Quarterly Committee Report  
submitted by co-chair Nancy Brown  
April 12, 2016

The Quarterly Committee is hard at work on the June issue, which goes into design on April 15, to press on May 1, online May 15, and in the mail on June 1. As per the Board's decision in March, we will be printing 650 copies of this issue. Extras will be made available for promotional purposes through co-chair Nicki Esdorn at [quarterly@icelandics.org](mailto:quarterly@icelandics.org).

The June 2016 issue of *The Icelandic Horse Quarterly* features 52 pages of color photos and information about the Icelandic horse, with articles on the basics of tölt, working through riders' fears, equine-assisted psychotherapy, safety in the back country, establishing a breeding line, and more, as well as news from the Regional Clubs, the USIHC Board of Directors, and our parent organization, FEIF.

We are also working on a topical index to the online Quarterly archive to make it easier for members and visitors to find articles of interest.

Deadline for the September issue is July 1.

USICH Youth Committee  
Board Report for April 2016

- All required forms have been submitted to FEIF for the FYC2016 team selection. Arrangements are being made for training and horses outside of Amsterdam the week prior to the event at participants expense and choice. Quarterly submissions have been made highlighting the participants.
- A Youth Fund Thank You ad for the June issue is set to run.
- More time and work needs to be done to quantify the requirements to host 2017 American Youth Cup.
- No changes to the budget.
- The request from the Board for a one week review of membership and horse registration prior to any announcements has been shared with the committee.
- We have 12 members on the Youth Committee. We have between one to three members on the monthly call and these are the same individuals each time.

Respectfully Submitted by: Colleen Monsef

Anita Sepko (Regional Club Committee Chair) called for a vote on the attached proposal on 3/15/16, voting closed on 3/18/16 at 5:00 EST. The majority of committee members approved this proposal (vote was 9 in favor and 3 opposed). Anita has asked me (Leslie Chambers - Board liaison) to submit to the board.

### **Regional Club Clinic Support (2016 only) \***

The USIHC has budgeted to support clinics held by USIHC regional clubs. This amount will be distributed in increments of \$500 per club for one (1) event for the calendar year 2016 subject to the eligibility requirements below.

#### **Eligibility:**

1. The event must be open to the public to either participate, or audit.
2. The event details must be submitted to both the Regional Club Committee Chair ([regional\\_clubs@...](mailto:regional_clubs@...)) and the USIHC Secretary ([calendar@...](mailto:calendar@...)) for inclusion in the USIHC Calendar of Events no later than 1 month (30 days) before the event. (The club hosting the event must be in good standing with the USIHC at the time of event submission for inclusion on Event calendar.)
3. Each club will be eligible for \$500 for one (1) event for 2016.
4. The club hosting the event must be in good standing with the USIHC at the time of the event.
5. The event must be approved as successfully completed by the Regional Club Committee Chair.
6. Once the event has been approved as successfully completed payment will be issued to the organizer by the USIHC Treasurer.

Suggested (but not required):

1. Regional Club include a write up of the event in the Quarterly.

\*This proposal differs from the original, in that the restriction requiring the clinician to have "Icelandic" certified training has been removed.

## **Blood Profile Project**

*Submitted by Andrea Barber*

- I spoke to Cornell's Office of Sponsored Programs this week. They had a few additional questions regarding the contract which were quick to answer. Once those items were cleared up they told me the contract would be approved that they would send me a document for signature soon with instructions on how to make the initial payment. Once that is complete we can get rolling on the actual testing.
- In order for the account for donations to be set up they need an initial donation. So I am going to personally make that donation. Once the account is set up and I have the instructions for donors I will publicize that information.
- I also spoke to Bettina Wagner. She will be getting the sample kits ready to send. We agreed that the horses involved in this study would be identified by FEIF ID number. That way we can ensure they are purebred and there is no confusion with horses with similar names.
- To be ready to go as soon as possible, I am going to start contacting large farms to see if they would be interested in having their horses participate and, if so, how many horses we can expect would meet the stated criteria (so we know how many kits to send). One small rub this time of year (spring vaccination season) is that the sampled horses cannot have had any vaccinations within the past month. But hopefully by the time we are ready to sample most horses will be past that period anyway.
- If need be, there are also 15 horses in Bettina's study herd that have not yet been sampled (they were too young at the time the original samples were taken). We both agreed that it would be best to try to get other horses first, but that if we find ourselves running short we can always use these horses.
- Just to show we are on the right path with this Bettina told me that the values that they have from the Cornell horses sampled have already proved useful when dealing with ill Icelandic horses at Cornell. So she believes this study has the potential to be very beneficial.
